"This annual event not only reflects the "One Shinhan" spirit in our joint efforts to develop young talent but also reaffirms our long-term commitment to the community and future generations. We believe that talent is not only a key driver of success but also the core value that defines Shinhan's identity.

In particular, the collaboration between Shinhan Financial Group's subsidiaries in Vietnam and FPT University goes beyond recruitment activities or career exchange programs. It is part of our long-term strategy to strengthen the connection between academia and industry, contributing to the development of a sustainable talent ecosystem for the finance and banking sector.

We believe that when businesses and educational institutions work closely together, students will not only gain professional knowledge but also develop a global mindset, an innovative spirit, and the adaptability needed to thrive in the era of rapid technological advancement.

Through this collaboration, the Shinhan Financial ecosystem in Vietnam aims to create a space where knowledge, career opportunities, and the spirit of innovation are seamlessly connected. We strongly believe that young people – with a solid technological foundation, open mindset, and ambition to move forward – will become key contributors to creating new values for the financial industry in Vietnam and the region."
